CAPTAIN'S PARLOR

Situated at the front of the historic home, the Captain's Parlor radiates timeless charm and character. In 1851, this elegant room would have been the center of activity—where Captain John C. Ainsworth greeted his guests and likely forged many meaningful business arrangements. Today, it invites you to step back in time and experience the warmth and grandeur of a bygone era. If the original wood floors could speak, they would surely share stories of laughter, conversation, and unforgettable moments—just like the ones waiting to be created by you.
